OBJECTIVE

Aspiring to begin my career as a frontend web developer, I seek opportunities to work on cutting- edge projects that enhance my technical expertise, foster continuous learning and allowme to collaborate in a creative and fast-paced environment.

SKILLS

Tools: VS code, Bootstrap, MYSQL, Jupyter
Languages: Hypertext Markup Language (HTML), Cascading Style Sheet (CSS), JavaScript (Js),Structured Query Language (SQL), Python
Frameworks: Django

PROJECTS

Self- Introductory Portfolio | *HTML, CSS, JavaScript*

- Developed a personal portfolio website to showcase skills, projects in web development.
- Added interactive features, such as hover effects, smooth scrolling, and modal pop-ups, to enhance user engagement and experience.

Interior designer website | *HTML, CSS, JavaScript, MYSQL, Python, Django*

- Developed a responsive interior design website using HTML, CSS, and JavaScript for the frontend, integrated with a Django backend for dynamic content management.
- Designed and managed a MySQL database to efficiently store user profiles, project details, and design templates, ensuring smooth functionality and data integrity.

Weather App | *HTML, CSS, JavaScript*

- Developed a responsive weather application that fetches real-time weather data using the OpenWeather API.Designed.
- Use JavaScript to change background images or icons based on weather conditions and enhance transitions with CSS.
